

COMPANY PROFILE

# OVERVIEW

---

Geomatt Healthcare Solutions is a 100% Black-Female owned business, an exempted micro enterprise, borne out of the desire to make a positive contribution within the Medical Devices Industry. We are one of Africa's leading healthcare solutions provider with an extensive experience in Medical devices sourcing and distribution. We are a business partner who can connect current and potential customers to your brand.

From the beginning of our operations, we have introduced innovative new products and solutions to both local and international markets, with continual improvement and growth being the integral part of our business culture.

At Geomatt, we strongly believe in teamwork and partnership, and we are proud to be associated with world renowned manufacturers and suppliers who are engaged to our market and work closely with us to develop and support our clients.

## MISSION

- Through close collaboration with our partners, to provide the most reliable products, technical support and excellence in customer service.
- To contribute to Broad-Based Black Economic Empowerment through sustainable partnerships with our internal and external Stakeholders.

## GOALS

- To increase revenue and remain profitable by increasing sales by a minimum of 10% annually
- To increase employment by securing at least two new partnerships by the end of 2019
- To ensure excellent customer service by providing efficiency in delivery of products, promptness in response to complaints and excellence in training of products

# OUR PHILOSOPHY

---

**Healthcare is facing immense challenges. From shifting payment models to problems of access, providers and payers are struggling to improve patient outcomes and lower overall costs. While there no single solution, we recognise those that deliver care are at the centre of this transformation. Our commitment is to collaborate with others to take healthcare Further, Together.**

We are a company deeply rooted in pushing the limits of innovation, constantly challenging ourselves to supply high-quality medical devices and solutions that will positively impact lives.

We also recognise that we participate in a global healthcare environment that faces intense clinical and economic challenges. If not acted on, these challenges may undermine progress while leaving millions around the world untreated. We have, therefore, put innovation, high-quality and cost-effectiveness at the centre of our business.

Our mission remains the same, and that is to supply healthcare facilities and surgeons with innovative products that alleviate pain, restore health, and extend life for the people around the world; products that assist Surgeons to ensure excellence and healthcare facilities provide uncompromised services.

We employ the following three keys to Transforming Healthcare:

- **Align Value**
- **Meaningful Innovation**
- **Ensuring Global Access**

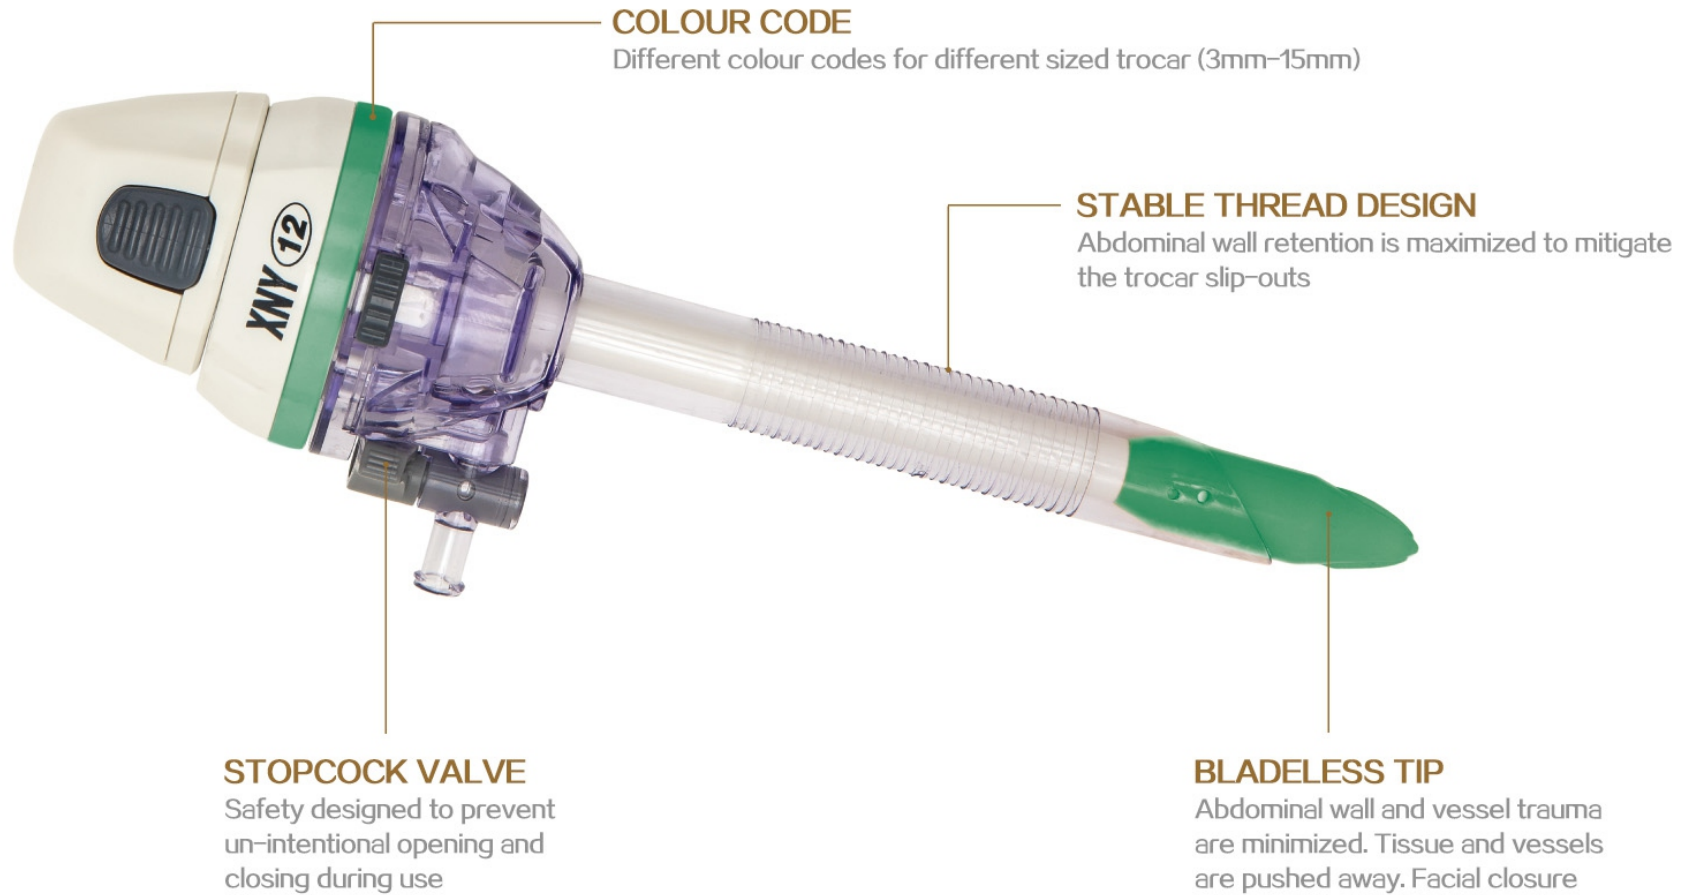

# PRODUCTS

## Endo-Surgery

### PORT ACCESS

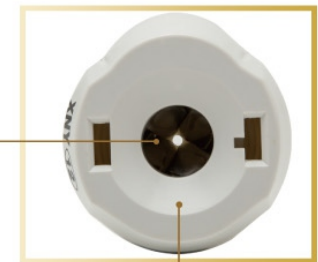

**Guidanceport™**  
ENDOSCOPIC ACCESS

**VERESS INSUFFLATION NEEDLE AND SPECIMEN BAG ARE AVAILABLE**

**ROBUST AND STRONG UNIVERSAL SEAL**  
Accommodates 3-15mm instruments without leakage

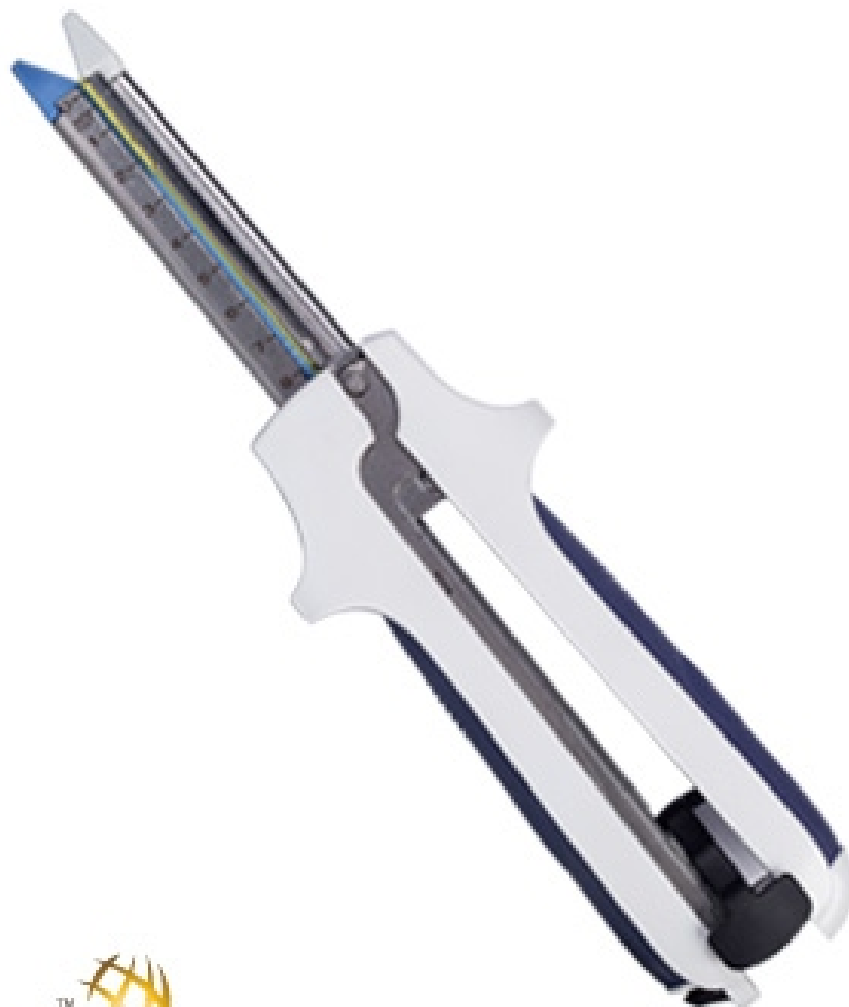

**FUNNEL LEAD-IN**  
Assists easy guided instrument insertion

# PRODUCTS

## Endo-Surgery

### STAPLING DEVICES

NOVA<sup>™</sup>   
SURGICAL STAPLERS

#### 4 EXTRA STAPLES BEYOND THE CUTTING BLADE LIMIT

Ensuring dependable haemostasis

#### TISSUE RETAINING PIN

Prevents tissue slippage at the distal end ensures accurate resection length

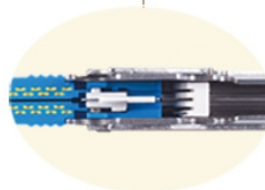

#### CLEAR GRADUATED CUTTING INDICATORS

On both sides of the anvil

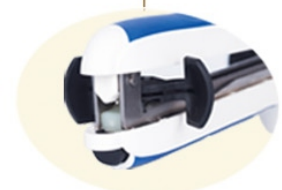

#### TISSUE GAP CONTROL MECHANISM

Ensure consistent staple formation from the proximal end to the distal end

#### SECURITY LOCKOUT

Protect the operators from retractable blade.  
The device can not be fired secondary or closed with empty cartridge with this design.

#### RELEASE BUTTON

Open the forks easily and quickly

# PRODUCTS

## Endo-Surgery

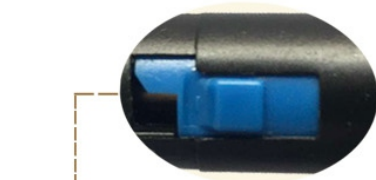

### STAPLING DEVICES

**NOVA™**   
SURGICAL STAPLERS

## EASIER REMOVAL OF RELOAD UNIT

Easy for exchange of new reload

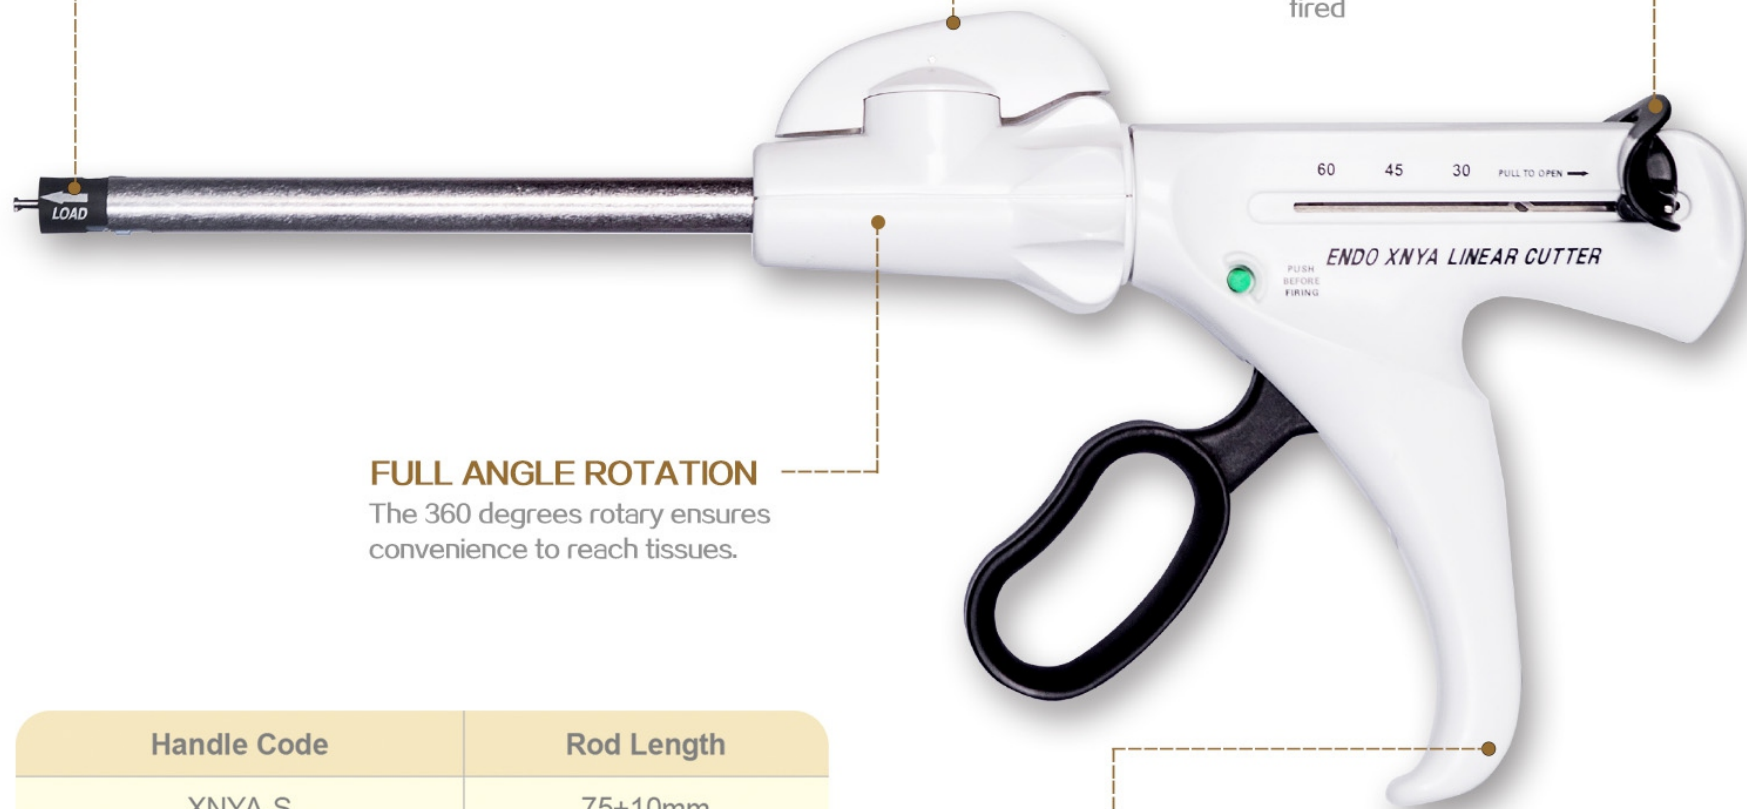

## ENLARGED ARTICULATION LEVER

Easier to articulate with less force

## GAP CONTROL

Pulls the anvil and cartridge together as the stapler is fired

## FULL ANGLE ROTATION

The 360 degrees rotary ensures convenience to reach tissues.

Handle Code	Rod Length
XNYA-S	75±10mm
XNYA-M	155±10mm
XNYA-L	255±10mm

## ERGONOMIC DESIGN

Designed by Colani, streamlined handle fits comfortably in all hand sizes and fires smoothly

# PRODUCTS

## Endo-Surgery

### STAPLING DEVICES

**NOVA™**   
SURGICAL STAPLERS

**INTERMEDIATE CLOSING POSITION**

**PERFECT ALIGNMENT ENSURED BY RETAINING PIN**

Consistant B-Shaped staple formation

**PARALLEL CLOSURE**

**DURABLE, LOW PROFILE HANDLE**

creates optimum access without any deflection  
from low profile body or head

**LONG, SLIM SHAFT**

Ensures excellcent access and visibility

**AUTOMATIC PIN PLACEMENT**

**RELEASE BUTTON**

for easy opening

**MULTIFUNCTIONAL HANDLE**

for both closing and firing

# PRODUCTS

## Endo-Surgery

### STAPLING DEVICES

**NOVA™**  
SURGICAL STAPLERS

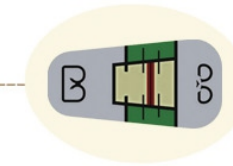

### PLASTIC CUTTING RING

Active audible and tactile feedback during firing

### ANTI-REFLECTIVE DESIGN
